

Annual National Tour

Foal Registration – *What to do on the day*

1. Enter the arena with your broodmare and foal at foot (everyone plaited if possible and looking absolutely fabulous).
2. Foal is checked for markings/whorls, etc, and information recorded.
3. Walk the mare around a large triangle for judges to assess the foal at foot at the **walk**.
4. Repeat above, but trot the mare to encourage the best **trot** from the foal (cantering will not help, as they do not score for canter).
5. Stand the mare in between two ground poles to encourage the foal to 'stand up' and be assessed for **overall impression**.
6. Marks are given for these three **bolded** areas – out of 10.
7. Leave the arena once judging is complete.
